

# A Patient's Guide: Adding Additional Family Members to a MyCareCorner Registered Account

## Getting Started

Additional family members (spouse, children, and/or parents) can be added to a registered MyCareCorner account once a healthcare provider (hospital or clinic) provides the family member with an email or a printed copy of the registration instructions for MyCareCorner.

## Using the Email

1. To add the family member to your registered MyCareCorner account, click the link in the email instructions.

**Evident Centriq Community Hospital**

**Patient Name:** W, Kristine

**Patient Portal Registration Process**

During your recent visit, you were invited to register with the Patient Portal. To get started, simply register your new account by entering the following URL into your browser's address bar:

<https://login.mycarecorner.net/transfer/welcome.aspx?packageid=DTRO-SETK-DNPS-JWSF-YDYM>

When prompted to enter your invitation code, please enter the following code:

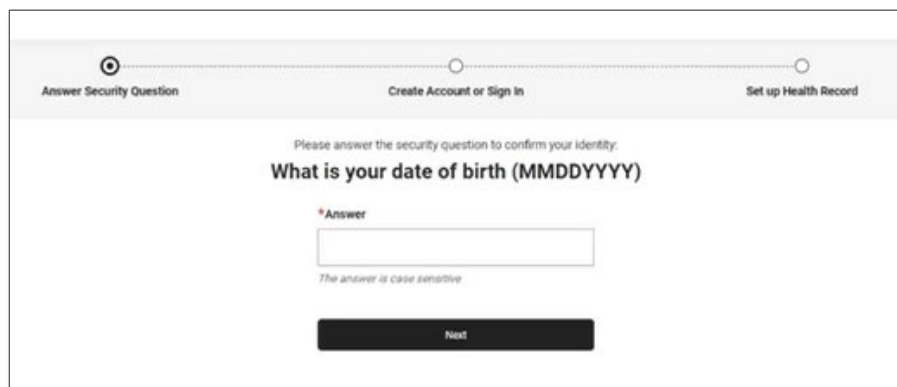

DTRO-SETK-DNPS-JWSF-YDYM

You will then be prompted to answer a verification question.

After you have entered all the required information, click the "Allow" button to complete the process. Once you receive the "Access Approved" notification on the screen, your registration is complete and you will have access to view your portal health record.

[Print](#)

2. The MyCareCorner page is launched. Click **Continue**.
3. To confirm the identity of your family member, enter the family member's date of birth and click **Next**.

Answer Security Question      Create Account or Sign In      Set up Health Record

Please answer the security question to confirm your identity:

**What is your date of birth (MMDDYYYY)**

\*Answer

The answer is case sensitive

**Next**

4. A question is displayed: ***Do you already have a MyCareCorner account?*** Select **Yes**.
5. The Sign in box is displayed. Enter the registered account member's Email and Password and click **Sign In**.

The screenshot shows the 'Sign in to Your Account' page. At the top, a progress bar indicates three steps: 'Answer Security Question' (completed), 'Create Account or Sign In' (current step), and 'Set up Health Record'. The main heading is 'Sign in to Your Account'. Below it, there are input fields for 'Email' (containing 'jim1@grh.com') and 'Password' (masked with dots). A 'Save in 1Password' button is next to the password field, and a 'Forgot Password?' link is to the right. A large black 'Sign In' button is at the bottom. Below the button is a link: 'Don't have an account yet? Create an Account'.

6. An "invitation to access" page is displayed with the name of the person's health record that you are accessing.

The screenshot shows the 'invitation to access' page. At the top, a progress bar indicates three steps: 'Answer Security Question' (completed), 'Create Account or Sign In' (completed), and 'Set up Health Record' (current step). The main heading is 'This invitation is to access Hudson Jefferson's health information'. Below it, there is a paragraph: 'Select what health record to store Hudson Jefferson's health information in by choosing the health record with the same name (if there is a record that matches this name, Connected Health Base has already selected it for you). If you do not see this person's name, choose the Create New Record button.' There are two options: 'Jim Jefferson's Record' (selected with a radio button) and 'Create New Record' (with an 'OR' separator). A 'Finish' button is at the bottom.

7. At this point, you do not want to put the family member's health information into your health record, so we need to create a new record for the family member. Click **Create New Record**. (If you select your record, the system recognizes that the names are not the same and will present a confirmation message. If so, click **Cancel** to go back.)
8. On the Create Health Record screen, enter the First Name, Last Name, Relationship to You, Country, Zip Code, Sex, and Date of Birth of the family member's record you are adding. Click **Next**.

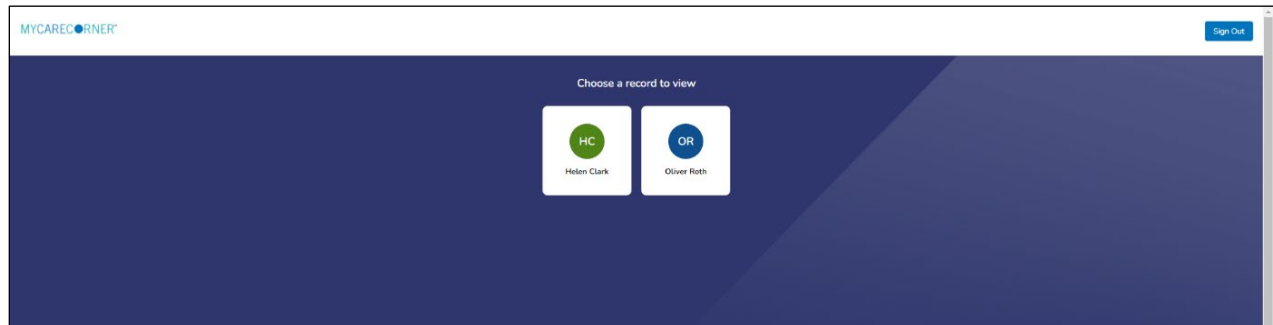

The screenshot shows a web form titled "Create Health Record". At the top right, there is a red asterisk and the text "mandatory field". Below the title, there is a "Profile Image" section with a "Choose File" button and the text "No file chosen". The form contains several fields, each with a red asterisk indicating it is mandatory: "First Name" (text input with "Hudson" entered), "Last Name" (text input with "Jefferson" entered), "Relationship to You" (dropdown menu with "Son" selected), "Country/Region" (dropdown menu with "United States" selected), "Postal Code/Zip Code" (text input with a cursor), "Sex" (radio buttons for "Female", "Male", and "I'd rather not say"), and "Date of Birth" (text input with "MM/DD/YYYY" placeholder and a calendar icon). At the bottom, there is a "Next" button and a "Back" link.

9. The authorization screen is displayed. Select **Authorize**.

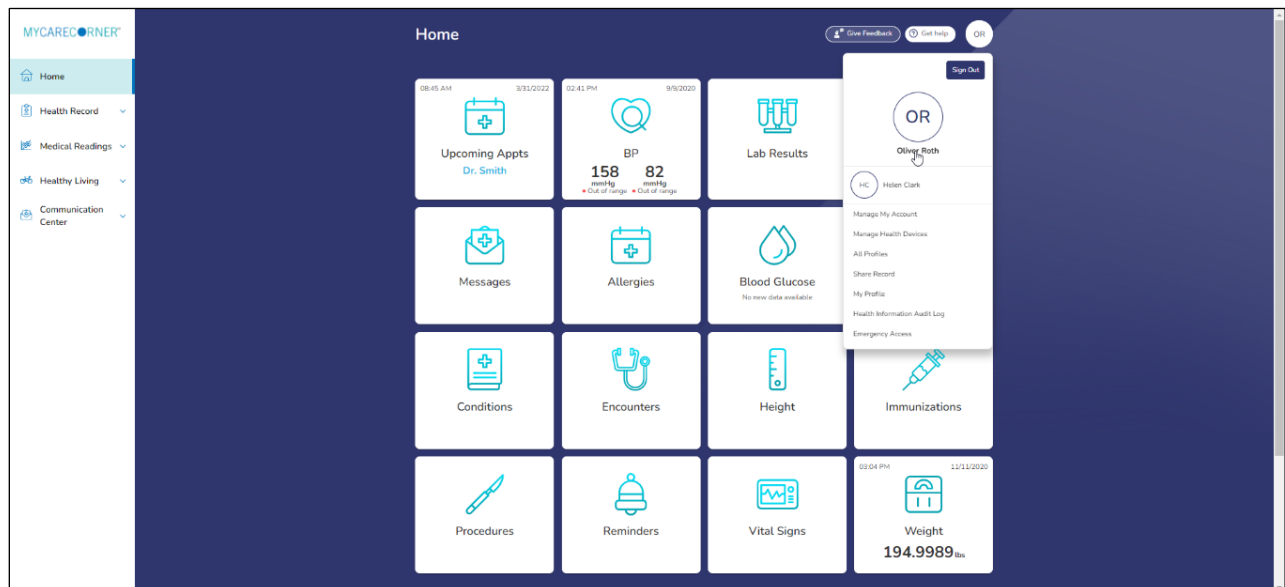

The screenshot shows an authorization screen. At the top, it says "Patient Connect wants to access Hudson Jefferson's health information to:". Below this, there are two options: "View health info" (with an eye icon) and "Add or change health info" (with a pencil icon). A section titled "Access 88 types of health information" includes a link to "View what health information the app will access" and a right arrow. At the bottom, there are "Back" and "Authorize" buttons. Below the buttons are links for "Privacy Policy" and "Terms of Use".

10. The Access Approved screen is displayed. Click **Home**. Now, both records are displayed. Select the record that you'd like to view.

11. Once in a health record, you can switch the view to other records linked to your account. Click the circle with your initials on it (in the upper-right corner of the screen). Other records that you have linked are displayed. Click a name to switch the view.

### Using the Printed Instructions

1. To add the family member to your registered MyCareCorner account, enter the URL from the printed invitation into the browser window.

**Evident Centriq Community Hospital**

**Patient Name:** W, Kristine

**Patient Portal Registration Process**

---

During your recent visit, you were invited to register with the Patient Portal. To get started, simply register your new account by entering the following URL into your browser's address bar:

<https://login.mycarecorner.net/transfer/welcome.aspx?packageid=DTRO-SETK-DNPS-JWSF-YDYM>

When prompted to enter your invitation code, please enter the following code:

DTRO-SETK-DNPS-JWSF-YDYM

You will then be prompted to answer a verification question.

After you have entered all the required information, click the "Allow" button to complete the process. Once you receive the "Access Approved" notification on the screen, your registration is complete and you will have access to view your portal health record.
